

THE UNIVERSITY OF THE WEST INDIES
FACULTY OF SCIENCE AND TECHNOLOGY

Department of Geography and Geology

Bachelor of Science Degrees Offered

- ▶ Geography
- ▶ Geology
- ▶ Geosciences

Why Geography | Geology?

Geography is the study of the physical features of the earth and its atmosphere, and how humans are affected or being affected by these, including the distribution of populations and resources and political and economic activities.

Geology is the study of the physical structure and substance of the earth, their history, and the processes which act on them.

We will teach you to use the GPS, GIS, satellite imagery, computer mapping and other technological advances to expand our knowledge of the Earth.

Entry Requirements

Geography

5 CSEC subjects (Grades 1-3), or their equivalent which must include English Language, Mathematics and Geography PLUS 2 laboratory science subjects at the advanced level (CAPE, both units at Grades 1-5 or their equivalent)

For Geology

5 CSEC subjects (Grades 1-3), or their equivalent which must include English Language and Mathematics PLUS 2 laboratory science subjects at the advanced level (CAPE, both units at Grades 1-5 or their equivalent)

Careers in Geography | Geology

A degree in Geography and/or Geology provides you with transferable skills that can be applied to careers in the petroleum/energy/mining industry, museums, marketing, environmental agencies, research centres, and advanced academic studies.

- ▶ Environmental Consultant
- ▶ Environmental Geologist
- ▶ Hydrogeologist
- ▶ Engineering Geologist
- ▶ Legal/Forensic Geologist
- ▶ Meteorologist
- ▶ Urban and Regional Planner
- ▶ Teacher/Lecturer/Researcher
- ▶ Volcanologist
- ▶ Climatologist
- ▶ Computer Mapping Specialist
- ▶ GIS Analyst
