

Bachelor of Science Degrees Offered

- ▶ Electronics
- ▶ Energy & Environmental Physics
- ▶ General Physics
- ▶ Materials Science
- ▶ Medical Physics
- ▶ Physics with Education

Why Physics?

We offer degree programmes that are constantly evolving in response to innovations from staff, new ideas in physics and student feedback.

Through project work, extra-curricular activities and an open-door policy, we offer a unique and inclusive study experience.

We will teach you not only the theoretical concepts, but how their application helps in the understanding of everyday things like cell phones, televisions, fans, pot holes, the weather, x-rays, and cars.

Entry Requirements

3-year Full-time

- ▶ 5 CSEC subjects (Grades 1-3), or their equivalent (must include English Language, Mathematics and 2 laboratory science subjects) PLUS Physics and 1 other science subject at the advanced level (CAPE, both units at Grades 1-5 or their equivalent).
- ▶ CAPE Maths (both Units) or GCE A-Level Maths with CSEC or GCE O-Level Physics.

4-year Full-time

- 5 CSEC subjects (Grades 1-3), or their equivalent, which must include English Language, Mathematics, Physics and 1 other approved laboratory science subject.
